

Rationale

This policy is intended to support communication between the Local School Council and staff, and to promote favourable staff - administration - council relations at the local school level.

Policy

Each Local School Council shall invite one staff member to attend meetings of the Local School Council and, together with Administration, will share relevant items at staff and/or Local School Council meetings. This staff member will be invited to participate in discussions but will not have voting privileges at the Local School Council meeting.

Regulation

Staff, at the September staff meeting, will designate one staff member, or a rotation of staff members by term or month, to attend Local School Council meetings.

The staff representative will:

- Attend Local School Council meetings, and, in collaboration with Administration, share relevant items with the staff at the monthly staff meeting.
- When requested by the Local School Council, in collaboration with the Administration, communicate views of the school staff.
