ABOUT

The educational goals (spiritual, physical, intellectual, cultural, emotional and social) of St. Andrew's Regional High School prepare students to become participants in a lifestyle characterized by commitment to God, neighbour and self.

Our motto, To Build in Love, states our intention to form an educational community based on wholehearted caring and mutual respect. Individual growth takes place in the context of relationships in a community.

Following Christ's invitation, we work to develop our own gifts and nurture those of others. A strong academic program coupled with an extra-curricular program in athletics, fine arts and community involvement, enables us to prepare our students to live fuller lives

Our school is located in Saanich, BC, just a 10-minute drive to Victoria's downtown core, beaches, and other attractions.

I have worked for Island Catholic Schools (ICS) for thirty years.

Reflecting on my years in ICS, I'm filled with gratitude. It is my responsibility to teach our wonderful students about God's beautiful creation; to explain how generators work, how the blue color of the sky is formed and how we are able to calculate the mass of the earth. But as thrilling as that is, it is also being part of the community of staff, students, parents, priests and sisters that fills me with joy every day! – Tanya Taft, SARHS
